

Next-Gen Managed Cybersecurity Operations

Intelligence-Driven Security Solution for a
Rapidly Evolving Threat Landscape

The Pillars of Modern Managed Security

24x7 Monitoring with AI Security Dashboards

Governance, Risk & Compliance (GRC) Management

Threat Intelligence & Enrichment Services

Cyber Audits (Technical, Compliance & Operational)

Incident Response & Containment Support

Global MSSP Partnerships & Technology Integrations

Empowering Enterprises & Government Agencies With Always-On Cyber Defense

SBASE Technologies is a next-generation **Managed Security Services Provider (MSSP)** helping organizations safeguard their digital ecosystems with continuous visibility, proactive threat defense, and resilient security operations.

Core Managed Security Services

Comprehensive protection across your entire digital infrastructure

Managed SOC

CONTINUOUS MONITORING. RAPID RESPONSE. ZERO-DOWNTIME SECURITY.

- 24x7 monitoring across network, endpoint, cloud & apps
- Real-time alert correlation & threat containment
- SOC-driven threat hunting & incident response
- SIEM/SOAR/XDR integration & automation

Splunk | CrowdStrike | Sentinel | QRadar | XSOAR

Managed Detection & Response

ADVANCED ENDPOINT PROTECTION WITH AUTOMATED CONTAINMENT

- Real-time detection of ransomware, malware, APTs
- Automated isolation & forensics
- XDR-driven continuous monitoring

SentinelOne | CrowdStrike Falcon | Defender XDR

Vulnerability Management

ALWAYS-ON EXPOSURE IDENTIFICATION & RISK REDUCTION

- Automated + manual scans
- Prioritized patching recommendations
- Continuous posture assessments

Tenable | Qualys | Rapid7 | Nessus

Managed Cloud Security

SECURE CLOUD WORKLOADS WITH CONTINUOUS POLICY ENFORCEMENT

- CSPM, CWPP, CASB integration
- Multi-cloud governance & compliance
- Container, serverless & workload protection

Prisma Cloud | Wiz | Orca | CloudGuard

Identity & Access Management

ZERO TRUST ACCESS WITH IDENTITY GOVERNANCE

- Full identity lifecycle operations
- MFA, SSO, passwordless authentication
- Role-based provisioning & access certification

Okta | SailPoint | CyberArk | Microsoft Entra

Advanced Security & Zero Trust Services

Next-generation protection for modern enterprise challenges

Privileged Access Management

STRENGTHEN CONTROL OVER HIGH-RISK PRIVILEGED ACCOUNTS

- Privilege vaulting & JIT access
- Session monitoring, recording & analytics
- Automated rotation & governance

CyberArk | BeyondTrust | Delinea

Secure Proxy & Web Security

PROTECTING HYBRID WORKFORCE & SAAS ACCESS

- Secure Web Gateway (SWG)
- SSL inspection, URL filtering, DLP
- Threat-intelligence-driven web protection

Zscaler | Prisma Access | Umbrella

GRC as a Service

COMPLIANCE AUTOMATION FOR ISO, SOC 2, PCI DSS, GDPR

- Automated posture monitoring
- Audit readiness & policy management
- Third-party risk assessments

ServiceNow GRC | Archer | OneTrust

Zero Trust Architecture

BUILD MODERN, IDENTITY-CENTRIC SECURITY FOUNDATIONS

- Zero Trust Network Access (ZTNA)
- Integration with IAM, SASE, SD-WAN
- Continuous drift detection & policy validation

Zscaler | Cloudflare One | Palo Alto

ZERO TRUST
ARCHITECTURE

Network & Perimeter Security

UNIFIED AND POLICY-DRIVEN PROTECTION ACROSS THE EDGE

- NGFW management (Palo Alto, Fortinet, Cisco)
- IDS/IPS, segmentation, VPN
- DDoS protection & SASE adoption

Fortinet | Palo Alto | Cisco | Check Point

Critical Infrastructure & OT/ICS Security

INDUSTRIAL CYBER DEFENSE FOR NATIONAL OPERATIONS

- OT network anomaly detection
- SCADA segmentation & risk analysis
- OT asset inventory & threat monitoring

Claroty | Dragos | Nozomi | Tenable.ot

Email & Messaging Security

PROTECTION AGAINST PHISHING, BEC & DATA LEAKS

- DMARC/DKIM/SPF enforcement
- Executive impersonation defense
- Managed response for email threats

Proofpoint | Mimecast | O365 Defender

Threat Intelligence & Dark Web

PREDICTIVE INTELLIGENCE FOR BRAND PROTECTION

- 24x7 dark web monitoring
- Threat feed correlation with SOC alerts
- Executive risk profiling

Recorded Future | Mandiant | Intel471

Digital Forensics & Incident Response

RAPID BREACH CONTAINMENT & LEGAL-GRADE FORENSICS

- Chain-of-custody reporting
- Malware reverse engineering
- Ransomware negotiation & recovery

Magnet AXIOM | EnCase | CrowdStrike

Business Continuity & DR

RESILIENT BACKUPS WITH RANSOMWARE-READY RECOVERY

- DRaaS enablement
- Immutable storage backups
- RTO/RPO monitoring & validation

Veeam | Rubrik | Commvault | Cohesity

Security Awareness & Training

HUMAN-CENTRIC DEFENSE TO REDUCE INSIDER RISK

- Continuous LMS-based training
- Phishing simulations & war-gaming
- Compliance-based education paths
